# Simplify your English language testing

Linguaskill is an accurate and convenient online test to help institutions check their students' English language level.

Fast and accurate results you can trust

Easy to administer

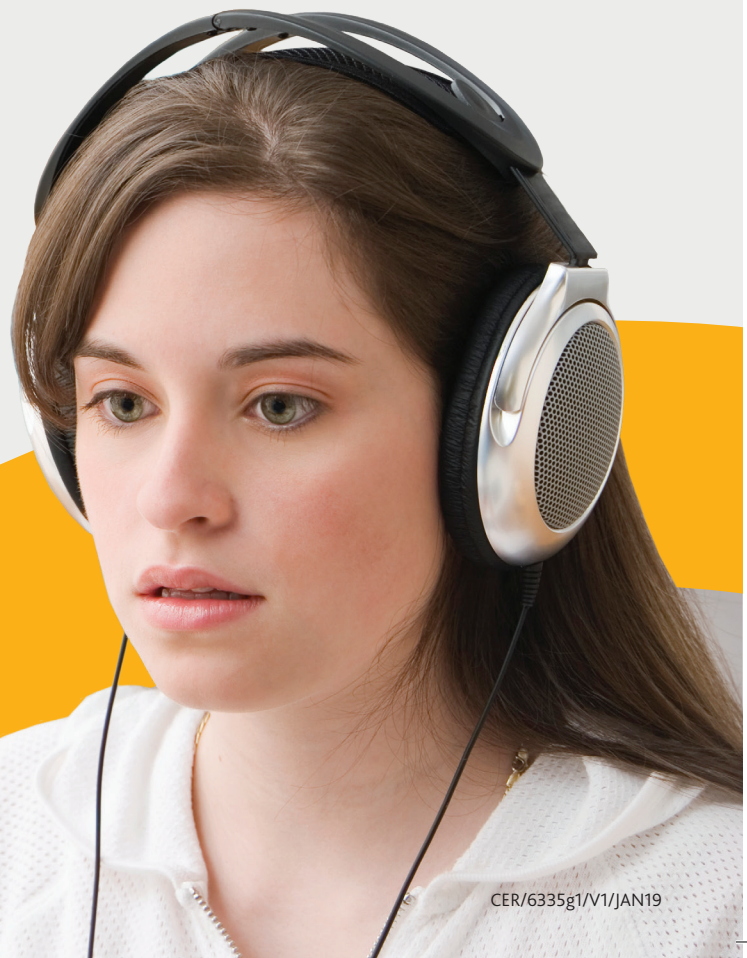

A flexible and adaptable test for all

If you need to measure a candidate's level of English for admission, progression over time or graduation, Linguaskill can help you to do so accurately and efficiently. You can then make informed decisions about course placement and language support requirements.

Linguaskill is modular, meaning that you can test any or all of the four language skills: speaking, writing, reading and listening. Our test and results are aligned to the Common European Framework of Reference (CEFR), the international standard for describing language ability.
